- Submit authority may be suspended for new business or increased coverage endorsements during periods of imminent danger from natural disasters, or when the National Weather Service has issued a severe weather warning.

- The types of natural disasters include but are not limited to, Earthquake, Earth movement (landslide, mudslide, sinkhole, etc.), Wild Fire, Hurricane, Tropical Storm, Tornado, and Flood.

- We reserve the right to suspend submission authority as we deem fit, and as allowed by state regulations and emergency orders.

- Typically, moratoriums start prior to and last for the duration of the event, or until it has been downgraded or passed/finished. In some cases it may continue for a number of days after the event has passed/finished. Please check the website for the status. The moratorium notice will be removed once the area is open again.

Application Submission

The Stillwater Agent Sales Portal is a real-time Quoting and Underwriting system designed to assist our Producers in quoting and issuing insurance policies. This system provides an easy way of doing business by indicating whether the risk is eligible and if so, allows the Producer to issue the policy instantly.

Quote Questions

Responses to the various questions during the quote process will advise of underwriting eligibility conflicts. The producer does NOT have the authority to submit coverage for any property exhibiting a conflict with one or more of the characteristics shown in our Underwriting Guidelines.

However, the Company may be contacted for prior approval regarding acceptability. Policy submission is subject to acceptance of the risk based on the Company Exposure Management Plan. All such requests should be emailed to Underwriting@Stillwater.com for consideration.

Submitting

Policies are only valid if they are issued on our Sales Portal with a policy number. WE do NOT provide the Producer submission authority except through our Sales Portal.

Letter of Experience

Stillwater Insurance provides a letter (LOE) that shows the insured’s Loss History while insured with Stillwater Insurance Group.

We have automated the creation of the Letter of Experience (LOE).

- The process can be completed by Customer Service/FNOL, and the Agent via the Action Menu on the Sales Portal – FIRST.
- The Policyholder can also view the LOE if they have set up an account on the Self Service Site.

The LOE is available for each individual policy (all policy types). The LOE can be printed and downloaded for email.

If there are multiple policies on the Self Service Site there will be an additional selection menu:

The LOE can be requested verbally over the phone or sent to: LOE@stillwater.com or via FAX: 1-800-491-7683

- Note: Requests will only be accepted from the insured, agent, or the mortgage company.
- If the LOE needs to be forwarded to additional parties, please include that contact information in your email.
**DocuSign**

DocuSign is an electronic signature system that is built into the quote process. It can be selected to add a signature to forms that require Acknowledgement.

**Required Acknowledgment Forms**

We require that certain forms are reviewed with the applicant, to ensure they understand the terms and conditions. These forms can be sent to the applicant/insured via DocuSign for their signature.

- Click on the form number to open it, and the review it with the applicant.
- Note that the text under the form number describes the DocuSign process, and the alternative.
- Once reviewed, check the boxes and click “Save”.

The DocuSign selection screen will appear after a Billing Plan is selected on the Supplemental Info Quote screen.

The Email field will pre-populate with the Email that was entered on the Contact Info screen earlier in the quote process.

There is an option to add a CC Email.

The help text in the quote will provide more info on the DocuSign process.
What is an envelope?
The envelope in DocuSign is the application and related documents sent to the consumer for signature.

Can the application be altered and resent? For example, change an effective date.
No, the application cannot be altered after it has been issued. If new documents are needed the agent will need to process a manual application and supply whatever required forms are needed for underwriting. We may have an option for updating and resending in the future.

Can we email or mail a hard copy if the insured wants to sign a paper application?
Yes, we can email or mail a hard copy to the insured if needed. They can also print a copy from the DocuSign application print and sign then mail or email, whatever they wish.

Can agents see the completed envelope? Can they get a copy?
Yes, the agent can receive a copy of the envelope sent. They have the option of placing an email address in the same area as the insureds while quoting, a CC option. They will then receive a copy of the completed envelope. They can also see the uncompleted and completed documents on FIRST under policy history. They will only see the completed forms once the insured signs.

The Driver Exclusion form does not list all the excluded drivers
Email docusign@stillwater.com along with the policy number, name of the insured, and the missing excluded individuals. We can then add the missing drivers to the form and resend the form to the insured for signature. Please verify the information is correct before sending your request.

The insured called and is getting a DocuSign envelope but I can’t see it in our Stillwater account?
Many agents already use DocuSign please check to see what account they are using. The agent maybe using their own account, we are unable to view another agent’s account only our own.

Is DocuSign available in all states for all agents?
Not all states have been rolled out for the DocuSign product. If in the quoting process it does not offer the option for DocuSign then it is not offered in that state.
To see the application and if it is a DocuSign application or not after it has been issued:
Pull up your policy in FIRST look under policy documents:

Is the agent required to also sign the DocuSign application?
No, we do not require the agent to sign the DocuSign application.

What happens after they “finish” signing?
DocuSign will send the insured a copy of the completed email and documents. They can review the documents, print and save to a local file or the desk top.

Why does the consumer keep getting reminder notifications?
How do we stop them?
At Stillwater, we use DocuSign to make it easy for clients to sign the required insurance application and related documents. These are part of the policy so its very important the consumer signs and returns the documents to us. If the documents are not completed in DocuSign the consumer will continue to receive reminders until the envelope is completed.

Click HERE for more info on follow-up notifications if the insured does not complete the DocuSign.

**Duplex Guidelines:**
- The Dwelling must be originally constructed as a 2 unit structure.
- A single family residence converted to a multi family structure is NOT Eligible.
- Duplex properties are subject to a Multi–family surcharge.
- **Virginia does not offer the HO5 Form**

**Town House (HO3/HO5) or (HO6)**

A Townhouse is a single family unit that is constructed in a row where all the units are attached on a single tax lot.

- If the Town House **has a master fire policy** the residence would be considered an HO6 policy.
- If the Town House **does NOT have a master fire policy** Stillwater offers an HO3/HO5 policy in select States.
- To be eligible for the HO3/HO5 form the insured must own and occupy the unit as their primary residence.

**Row House (HO3/HO5)**

A Row House is a single family unit that is constructed in a row of attached units that are separated by property lines, not on a single tax lot.

**Town House and Row House** policies can be written in the following States:

- AK
- AL
- AR
- AZ

Stillwater Difference in Conditions Policy (California)

Stillwater now offers a Difference in Conditions (DIC) Policy in California that is a policy that supplements a California Fair Plan Policy. Stillwater only offers a DIC policy in CA for the following: Home HO3/HO5, Dwelling Fire DP2/DP3.

What is the California FAIR Plan?
FAIR means "Fair Access to Insurance Requirements". The California FAIR Plan Policy is a policy that provides property insurance coverage when coverage cannot be obtained from a standard insurance company. The FAIR Plan provides insurance as a last resort (for example: if someone cannot obtain coverage due to brush exposure).

The FAIR Plan Policy does not include coverage for many common and important causes of loss that are typically included in a standard homeowners policy, such as theft, water damage and liability.

What is a Difference in Conditions (DIC) Policy?
A DIC policy is one that expands upon or fills in the gaps in a standard policy. To supplement a FAIR Plan policy, a Difference in Conditions (DIC) policy, sometimes called a Companion policy, should be considered.

Stillwater is now licensed to write a DIC Policy in California.

The Stillwater DIC Policy will fill the coverage gaps that are not included in the California FAIR Plan Policy...including coverage for theft, water damage and liability.

Please click on the following tabs view more information on the Stillwater DIC Policy and the California Fair Plan Policy.

**Note:** The difference between the HO3 and HO5 forms is the Peril Coverage:

- The HO5 Form provides **Open Peril** coverage for the Dwelling and Other Structures as well as Personal Property.
- The HO3 Form provides **Open Peril** coverage for the dwelling and other structures but provides coverage for **Personal Property** on a **Named Peril** basis.

Open Peril- protects the insured from losses caused by any peril that is not specifically excluded by the policy. Also called all risk and special coverage.

Named Peril - protects only against perils specifically listed in the policy.

- Customer service cannot respond to hypothetical coverage situations. With any loss the facts of the loss must be investigated. The investigation may impact how coverage is determined or applies.
- Loss or hypothetical loss inquiries that involve the interpretation of policy coverage should be directed to the Claims department. Claims will refer the call to a Claims supervisor or manager.

How are Discounts Factored?

Please note that discounts are “factored” into the rate sequence and not simply applied to the final rate. Therefore the discount amount deducted from the rate may not be the exact percentage listed even though the calculation is correct.

Q: What does a “Factored” percentage mean?

A: “Factored” means the discount percentage is one of many rating factors (variables) used to determine the rate (policy premium).
• When a policy is rated it goes through a rating sequence where all the rating factors are calculated.
• Discounts are never calculated as a Flat Percentage of the overall policy premium.

<tr>

Age Of Construction (Home HO3, HO5)

Age of Construction applies a "by peril rate factor" for different perils based on the age of the home. These factors can result in a reduction or an increase in premium.

The Perils are:
1. Fire
2. Lightning
3. Weather Water
4. Non-weather Water
5. Non-hurricane Wind
6. Hail
7. Theft
8. All Other Perils
9. Liability
10. Hurricane Wind

Age of Construction factors apply in all states except: AR, CA, NC, NY, PA, WA

The above states still use Utility Rating Plan factors.

Click on the following tab for information on states that still use the:

- Utility Rating Plan
- Age of Construction HO6

Note: The original construction year will always be used in determining the Age of Construction factors.

Therefore utility updates to the following will NOT lower the rate:
- Heating/Air Conditioning
- Electrical Wiring
- Plumbing

An "Age of Construction" factor is being introduced into premium calculation for the Coverage A limit.

The Age of Construction factor is determined by subtracting the year in which construction of the residence was completed from the year in which the policy is effective.

The factor varies based on the Age which can result in a reduction or an increase in the calculated premium.

Age of Construction factors apply in all states except: MN, NC

**Home (HO3/HO5)**

The Age of System factor is based on the oldest home system; electrical, heating or plumbing. The factor is then applied to additional “by peril” rating factors on HO3/HO5.

**The Perils are:**
- Fire
- Lightning
- Weather Water
- Non-weather Water
- Non-hurricane Wind
- Hail
- Theft
- All Other Perils
- Liability

**How to calculate the Age of System factor:**
Effective Policy Year – Year of oldest system = Age of System

**Condo HO6**

An “Age of System” factor is being introduced into premium calculation for the Condo Coverage A limit.

**How to calculate the Age of System factor:**
Effective Policy Year – Year of oldest system = Age of System

The factor varies based on the Age which can result in a reduction or an increase in the calculated premium. **The “by peril” rating factor does not apply to Condo.**

**System Update Requirements:**
Homes which have been modernized (renovated) must meet the following minimum requirements:
- **Electrical:** Installation of new approved circuit breakers, fixtures, receptacles and replacement of wiring with Romex and BX cable.
- **Heating:** Installation of new heating plant including burner, boiler, fans, coupling valves, pressure relief valves, safety controls and safety switches or connectors.
- **Plumbing:** Replacement of pressurized water lines constructed of galvanized iron pipe, fixtures, traps, pump, holding tank and water heater. Copper tubing or PVC plumbing is required.

**Proof of updates must be submitted to underwriting for review:**
- Complete the Older Home Questionnaire
- For all the systems: paid receipts from a licensed contractor with a description of work completed and/or city permits which describe the work completed and date of completion.
- Fax or email the above information to Underwriting:
  - Fax: 866-290-2667
  - Email: underwriting@stillwater.com

The Original construction year factor will always be used unless we receive proof of system updates.

**FACTORED DISCOUNTS**

Please note that discounts are “factored” into the rate sequence and not simply applied to the final rate. Therefore the discount amount deducted from the rate may not be the exact percentage listed even though the calculation is correct.

Click HERE for an explanation of “FACTORED DISCOUNTS”
A discount may apply based on the age of the insured - if age 40 and over.

- The discount varies by age and by state.
- The age of the oldest (Insured: Named Insured or Additional Named Insured) in the household will then be used to determine the age of insured factor.
- The age of each insured shall be calculated as the policyholder’s age as of the last day of the calendar year.
- The age used in the calculation, is the age attained during the policy term.
  - Example: Policy term 04/02/14 through 04/02/15. On 02/28/15 the insured will turn 60 years old. Since the insured attains an age of 60 during the policy term, that is the age that will be used to calculate the applicable discount for the full term.

- If an insured is added or deleted mid-term, or date of birth is corrected, the age of insured factor shall be recalculated using the effective date of when the change is processed and will apply the discount percent based on the age of the oldest insured individual.

Proof of Alarm System Requirements

As part of our application process we now require proof that the alarm system or service is installed, active and paid for. Please provide proof within 7 days of policy submission to prevent removal of the discount, and an increase in the policy premium.

This applies to **Home** (HO3/HO5), **Renters** (HO4), **Condo** (HO6) and to **Dwelling Fire policies**.

Please email proof to ins@stillwater.com or fax to 866-877-6355.

**Acceptable Proof includes:**
- Current alarm monitoring payment in the insured’s name and at the address listed on the policy. The paid invoice/bill or receipt must be no more than 30 days old.
- For a new monitoring service installed within the last 30 days, which is in the insured’s name and at the address listed on the policy: we need the proof of service installation or set up (such as a certificate of installation, and a paid invoice/bill or receipt).
- In Texas (The insured can also provide a certificate issued by the Texas Department of Insurance that validates the service provided).
- Adding the discount Mid-Term in all states also requires proof of alarm system.

**What happens if we do not receive proof 7 days after policy submission?**
- If valid proof has not been provided, we will send an email to the insured requesting proof.
- We will email the agent as well.
- If an insured email is not provided, we will mail a letter to the insured requesting proof.
- If proof has not been provided within 15 days from policy submission, we will remove the credit.
- That will generate an endorsement Dec page, which we will mail along with a copy of a Home Protection Uprate Notice.
- If we later receive proof, our processing department will endorse the credit back on the date proven: either when the alarm was installed or back to policy inception.

**How does this effect billing?**
- If on EFT, an EFT authorization letter will mail advising of the adjusted monthly EFT installment.
- If paid in full, the bill will mail out 15 days before equity runs out.
- On all other installment pay plans, the amount is adjusted on the next mailed invoice.

The Functional Replacement Cost endorsement is included for homes over 50** years old.

The endorsement is defined as follows:

- **Functional replacement** cost means the amount which it would cost to repair or replace the damaged building with less costly common construction materials and methods which are functionally equivalent to obsolete, antique or custom construction materials and methods used in the original construction of the building. If the dwelling is constructed with upgraded building materials (marble, tile etc.) or recent construction made to look like antique, it will be replaced with like kind materials and methods. Additionally, custom construction that does not consist of unusual or irreplaceable construction will also be replaced with like kind materials and methods.

For an additional premium the policy can be endorsed to include inflation guard coverage.

Inflation Guard is a property coverage which provides automatic periodic increases in the amount of insurance on buildings to keep an appropriate level of coverage in relation to the current value. As such it takes into account the effect of inflation on building replacement costs. An endorsement is usually used to add this coverage to a Homeowners Policy.

**Endorsement:** **HO 04 46 10 00** – Attached is a copy of the endorsement that shows how this endorsement affects the limits of liability for coverages A, B, C and D. In the event of a claim the percentage amount that is listed on the endorsement schedule will be applied pro rata during the policy period. For example, in the event of a total loss claim where the property is destroyed.

**What does it do?**
If inflation guard coverage code is on a policy, the Coverage A increase at time of the renewal offer will be the greater amount of the increase of either the inflation guard or the replacement cost calculator. In the majority of states the inflation guard is a 5% increase and the replacement cost calculator is capped at a 25% increase. Texas is different and some states have an inflation guard percentage other than 5%. For example if the inflation coverage was 5% and Coverage A was $200,000, the replacement cost would be increased to $210,000, but if the replacement cost calculator recalculates the Coverage A amount to $220,000, then the inflation coverage increase would be waived and the new Coverage A amount would be $220,000, because it goes by whichever is greater not exceeding the increase cap.

Inflation Guard helps to keep pace with increases in the cost of building materials, labor costs and other costs associated with rebuilding the home.

Vermont – The basic policy provides a $10,000 Section I limit and a $50,000 Section II Liability limit.

Florida – The basic policy excludes coverage for Fungus, including Mold. For an additional premium Coverage can be added for the following limits: $15,000, $25,000 or $50,000 or up to the Section I limits.

Illinois – The basic policy provides a $5000 Section I limit and a $50,000 Section II Liability limit.

Massachusetts – The basic policy provides a $10,000 Section I limit and a $50,000 Section II Liability limit.

North Carolina – The basic policy provides a $5000 Section I limit for HO3 and HO6 forms. The HO4 does not provide Mold Coverage.

Rhode Island – The basic policy provides a $5000 Section I limit and a $50,000 Section II Liability limit.

Texas – Mold coverage is no longer offered in the state of Texas effective: 10/01/12 New Business and 12/20/12 Renewal Business. 1.5% of A (HO3, HO5) and 1.5% of C (HO6) is included on all policies on or before 10/01/12 New Business and 12/20/12 Renewal Business.
Ordinance or Law Coverage

The basic policy provides contingent liability due to the operation of building laws equal to 10% of Coverage A.

The quote provides increased limits options of: 25% or 50% of Coverage A.

✓ Note (Florida Ordinance or Law Coverage):
- The Florida policy automatically provides up to 25% of the Coverage A - Building limit to pay for the increased costs necessary to comply with the enforcement of such ordinance or law.
- This limit may be increased to 50% of the Coverage A - Building limit OR you may reject the 25% and 50% options. By rejecting these options, the base coverage provided equals 10% of the Coverage A limit.
- Florida has now required a rejection form signed by the client if they want the base 10% and not the increased limits of 25% or 50%. We don’t offer the 10% in an attempt to assure our compliance with the required signed form.
- Click on the following tab to view the required Rejection Form:

Personal Injury Coverage

This optional endorsement extends the Liability coverage (E) to include mental or psychological injury or damages, particularly as a result of false arrest, detention or imprisonment; malicious prosecution; wrongful eviction from, or entry into or invasion of the right of private occupancy of your dwelling; slander or libel; oral or written publications that violate the right of privacy.

The Coverage Limit provided will match the Section II Liability Limit.

It does not increase the amount of coverage, just the types of occurrences that may be covered, and it does not include coverage for physical injury, like an accident. Certain restrictions and exclusions apply. Please refer to the actual endorsement for details.

Personal Property Replacement Cost Loss Settlement

Losses for personal property are settled on either a Replacement Cost basis or an Actual Cash Value basis.

The quote automatically includes the coverage based on a Replacement Cost for an additional premium.

The HO5 form does not provide an option to select an Actual Cash Value loss settlement as Replacement Cost is required.

The difference between replacement cost and actual cash value is a replacement cost value does not deduct for depreciation.

If the requested information is not received within 10 days, we remove the item and send another letter to the Insured to advise of this. OWNERSHIP/GIFTS

- **Ownership:** Scheduled Personal Property coverage is only available for items that belong to the Named Insured or Additional Named Insured. **Exceptions:** Musical instruments belonging to a child living in the house or away at school are allowed.

- For **jewelry items**, such as an engagement ring, there are 3 issues that should be reviewed before adding the item:
  1. Purchase
  2. Ownership
  3. Possession

One person may purchase an item, to give to another, who then takes physical possession. For example: if we’re asked to add an engagement ring to a policy with only the insured on it, ask where the ring is kept and who has possession of it.

**Why is Possession important?**

**Scenarios/Rules**

1. If the insured is the owner/purchaser and has possession = **add the SPP.**
2. If the insured is the owner/purchaser but doesn’t have possession = **do not add the SPP.**
   - Add it to the policy of whoever has possession. In that case, whoever has possession may need a letter stating it was a gift.
3. If the insured is not the owner/purchaser but has possession = **add the SPP with proof it was a gift.**

**Example One:**

- The Named insured is male and wants to add an engagement ring. He’s the only person on the policy.
- Ask if the fiancée resides with him at the policy risk address (residence premises).
  - The fiancée resides at the policy risk address = **We can add the ring**
  - The fiancée does not reside at the policy risk address = **We cannot add the ring**

**Example Two:**

- The Named Insured (female) received an engagement ring. She’s the only person on the policy.
- Her fiancé (male) does not reside at the policy risk address (residence premises).
- Can we add the ring?
  - **Yes** - with proof we can insure the ring because the Named Insured has possession of the ring at the policy risk address (residence premises).
  - **Required Proof:** We allow the appraisal to be listed in the fiancé’s (male’s) name and address if a **signed letter** is provided which states the items were given to our insured. The letter must include our insured’s name, address and be signed by the fiancé (ring purchaser).

Increased Limits: limits of $500,000 each accident and $500,000 each employee are available via endorsement. Any request for increased limits must be submitted thru underwriting@Stillwater.com

Water Damage Coverage (Texas only)

The policy does not provide coverage for loss caused by seepage or leakage of water or steam. **In Texas only** and for an additional premium the policy may be endorsed to provide coverage for deterioration, wet rot, or dry rot to property described in Coverages A, B or C caused by constant or repeated seepage or leakage of water or steam from heating, air conditioning systems or automatic fire sprinkler systems, household appliances, or plumbing systems. This endorsement will exclude discharge or overflow of water or steam from within a plumbing, heating, A/C, automatic sprinkler system or from within a household appliance; as well as water penetrating through the roof or exterior walls or windows whether or not driven by wind unless water penetration is a direct result of damage caused by any covered peril other than water. The exclusion is mandatory for homes over 40 years old and optional for homes 40 years old or newer.

If the Home is over 40 Years old, it will show as APPLICABLE on the Quote Coverage Screen:

**Section I – Property Remediation for Escaped Liquid Fuel Coverage** - This coverage provides $50,000 per occurrence limit to pay for loss to covered real or personal property, owned by an insured that is damaged by liquid fuel that escapes from a fuel system on the residence premises. This Property Remediation Coverage applies only for the policy period in which the insured first discovers or first learns of the escaped fuel, even if the escape began before that policy period. </tbody>
</table>

If the insured wants to purchase the coverage, they should complete and sign Form FN1608 05 10.

The form gives the choice for the insured to indicate whether the tank is above ground or below ground. The state of MA requires fuel tanks to meet certain qualifications. If the home was built after January 1, 1990 the tanks should be in compliance and the insured will check the first block of the form attesting to this. If the home was built prior to January 1, 1990 the law requires the tanks to be inspected and certified that the tanks are in compliance. In this case, we will require copies of the inspection and certification forms. They are to check the second box and attach the required certification forms.

**Note:**

The signed form and attachments, if required, should be sent to underwriting@stillwater.com for review. If underwriting approves the coverage, the endorsement will be processed.

Stillwater Insurance performs an exterior property inspection on all **HO3** and **HO5** Home policies. The following **Important Notice of Property Inspection** mails out to all policy holders with an **HO3** or **HO5** Home policy.

**STILLWATER INSURANCE COMPANY**
**STILLWATER PROPERTY AND CASUALTY INSURANCE COMPANY**

**IMPORTANT NOTICE - PROPERTY INSPECTION**

Subsequent to the issuance of this policy, an inspection of your property will be conducted. The purpose of this inspection is to confirm the location, square footage, age and condition of your home. Should the inspection disclose any unacceptable hazards or risks, you may be contacted to take corrective action.

As a condition of the issuance of the policy, the inspection of the exterior of the property is required to be completed. The inspection will be performed by a representative of the company that will identify themselves as such a representative prior to initiating the inspection process. Failure to allow the inspection to be performed will result in cancellation of the policy.

If you have any questions regarding the inspection, please contact your agent or our customer service department at the toll free number listed on the front of the policy declarations page.

**✓ Note:**
When a risk is inspected and remedial problems are noted we will send a letter of “Pre Non-Renewal” to the agent and insured. These notices will list the reason(s) for non-renewal and what the insured may do to remedy the problem. If these noted items are not corrected within the policy period the risk could potentially be a candidate for non-renewal.

**Inspection Notification**

Thank you for selecting Stillwater Insurance Group to provide your property insurance. As part of our normal underwriting process and as a condition of your insurance policy, an inspection of the exterior of your property is required. If you do not allow this inspection to be performed we will be forced to cancel your policy. Please refer to the document called Important Notice – Property Inspection in your policy documents for additional information.

What is an inspection and why do you have to inspect my home?
The inspection of the exterior of your property is a necessary part of our underwriting process to evaluate your home’s eligibility for insurance. The purpose is to confirm the location, square footage, age and condition of your home and premises.

When will the inspection occur?
New Business Inspections:
- **New Construction**: Recently constructed homes are no longer inspected at New Business. Our definition of recently constructed is a home constructed in the last 2 years.
- **High Value Homes**: All homes with a value of $750K or higher are inspected regardless of year of construction.
- **Colorado, Maryland, New York, and Pennsylvania**: order the first property inspection upon policy submission.
- **In all other states**: the New Business Inspection is not ordered until we receive the down payment.

Renewal Inspections:
- Inspections are ordered upon policy renewal in the states of Nevada, New Mexico, and Texas. The renewal inspection is ordered on the 1st day of the renewal term.

✓ **Note**: We reserve the right to inspect any home at other times during the policy period.

**Can I make an appointment?**
Sorry, but we cannot schedule appointments and the inspector cannot call ahead to make an appointment. However, you do not need to be present and the inspector does not need to go inside your home.

**Will the Inspector have to come into my home?**
No, the inspector does not need to enter your home.

**What if I’m not home?**
No problem…you do not need to be home. The inspector will review the exterior of your home and take measurements and photos.

**Does the Inspector work for Stillwater?**
The inspector works for an independent, licensed company contracted by Stillwater to perform the inspection. Their job is only to inspect the outside of your home, including the front and back yards; they do not make any decisions concerning the eligibility of your home.

**What happens if there is a problem?**
If the inspection discloses any unacceptable hazards or risks it may be necessary to take action, up to and including issuing a cancellation or non-renewal notice that explains why we cannot continue with your policy.

**How do I remedy the problem?**
The cancellation or non-renewal notice should explain what the problem is and your agent or we can explain what needs to be done. However, in some cases we may not be able to continue with the policy, although we will give you time to secure a new policy.

**Who do I call if I have a question?**
If you have any questions regarding the inspection, please contact our customer service department at 1-800-849-6140 or email us at inspections@stillwater.com

EFT – New Business (Down Payment + 11 installments) 15% Down + Policy Fee

15% of the premium (plus any applicable policy fee) is due when the policy is submitted – except for "Renters HO4 Direct to Consumer Quotes"

15% Example:
- **Down Payment** - AZ Policy: $1000 x 15% = $150 + $30 Policy Fee = $180 Down Payment (Remaining Balance: $1030 - $180 = $850)
- **Monthly Payment**: Remaining Balance $850 divided by 11 installments = $77.27 + $2 EFT Fee = $79.27 (Monthly EFT)

❖ Renters HO4 Direct to Consumer Quote (Down Payment + 11 installments) 4% Down + Policy Fee

4% of the premium (plus any applicable policy fee) is due when the policy is submitted

4% Example:
- **Down Payment** - AZ Policy: $300 x 4% = $12 + $30 Policy Fee = $42 Down Payment (Remaining Balance: $330 - $42 = $288)
- **Monthly Payment**: Remaining Balance $288 divided by 11 installments = $26.18 + $2 EFT Fee = $28.18 (Monthly EFT)

EFT – Renewal Business (12 Installments)

- The monthly EFT is the (Renewal premium + the Policy Fee divided by 12 + the EFT installment fee (see fee chart))

❖ Example: AZ Policy: $1000 + $30 Policy Fee = $1030 / 12 = $85.83 + $2 EFT Fee = $87.83 (Monthly EFT)

EFT info:

- The final installment may adjust by a few cents due to rounding.
- The monthly withdrawal for future payments will occur on the day of the month the corresponds to the Effective Date of your policy unless the Effective Date falls on the 29th, 30th or 31st of the month, in which case the withdrawal day will be the 1st business day of each month.
- If there is a mid term change the remaining balance will be divided by the number of withdrawals remaining in the term.
- The bank account, from which an EFT withdrawal is being taken, may be changed up to 5 BANKING days prior to the day of the withdrawal. Requests to change the account information should be sent to payments@stillwaterinsurance.com.
- If the EFT amount changes by even one cent, we will mail out an EFT Notification Letter.
  - The insured must be given 15 days written notice prior to starting a withdrawal payment plan or increasing a withdrawal.
  - If the withdrawal amount is decreasing, the lower amount is withdrawn and a letter is sent to the insured to inform them of the change in the withdrawal amount.
New Business (Payment Schedule)
The Down Payment is the Policy Premium x 15% + the Policy Fee.

Example:
$809 x 15% = $121.35 + $30 fully earned
Policy Fee = $151.35

Note:
The initial down payment may round up a few cents. **In this example: 5 cents to $151.40.**
This is to account for rounding out the remaining balance spread over the remaining payments. This additional rounding total is added to the down payment instead of having a larger payment due at the end of the term.

This will also make the remaining future installments all equal:
The future payments are the remaining premium divided by 10 equal installments plus the Installment fee:

$839 - **$151.40** Down Payment = $687.60 divided by 10 = $64.88 + $4 installment fee = **$72.76 Payments w/fees.** (Fees vary by state)

Renewal Down Payment:
When the Policy renews it will take the full premium (including the policy fee) and divide it equally by 12 monthly installments + the applicable installment $fee.

Renewal Example: $1068 + $30 fully earned Policy Fee divided by 12 = $91.50 + $4 installment fee = **$95.50**
Policy Reinstatement Fee

A Reinstatement Fee may apply in some states.

Insured bill policies reinstated after a cancellation due to non-payment of premium may incur a reinstatement fee.

The fee applies to all Home policy types: H3, H4, H5 & H6

- The fee applies to insured billed policies only (mortgagee billed policies are excluded) – a mortgagee billed policy is defined as one with a “Y” in the bill field on the Additional Interest page of an active mortgagee. A policy with a “Y” in the bill field that has a pay plan of EFT, is not a mortgagee billed policy.

- The fee only applies to policies cancelled for non-payment of premium (cancel reasons 14, 93 and 99).

- The fee only applies after the policy is lapsed and a late payment is received (based on the Cash Acceptance Guidelines – which means if the payment is postmarked prior to the lapse date, the policy will reinstate without charging a reinstatement fee. If the payment is postmarked after the lapse date and the policy is reinstated, a reinstatement fee will be charged). The fee is applied to the policy when it reinstates.

NSF Fee

An NSF Fee may be charged in some states.

The fee applies for insufficient funds fees (NSF) for any payments that are not honored by the bank and returned to us for reasons such as, but not limited to:

- Insufficient Funds
- Stop Payment
- Uncollected Funds
- Customer Advised not Authorized
- Account Frozen
- Closed Account

- These returned payments are considered nonpayment of premium in which the fully earned fee will be applied when the policy is cancelled.
- The NSF fee amount varies by state.
- The fee does NOT apply to payments made by the mortgagee/lender.
- The NSF cancellation notice will show the following verbiage on the remittance stub where the NSF fee is applicable.
  
  o Since your financial institution did not honor your payment, the amounts shown above include a fee of $xx.xx

Below is an example of how the Payments screen will reflect an NSF fee has been applied.

Connecticut Healthy Home Fund Surcharge

The state of Connecticut has implemented a new surcharge (code CHH) for all new and renewal Homeowner policies, except HO4 effective 1/1/2019.

This is a mandatory $12 surcharge that will be applied each year and cannot be removed.

The full name of the surcharge is CT Healthy Home Fund

Maryland Fixed Expense Premium

Maryland does NOT have a Policy Fee but there is a unique Fixed Expense Premium for forms HO3, HO5, and HO6:

<tbody>
<tr>
<td><strong>Policy Form</strong></td>
</tr>
<tr>
<td>HO3 &amp; HO5</td>
</tr>
<tr>

<tr>
<td>HO4</td>
</tr>
</tbody>
</table>

• The Fixed Expense Premium is NOT a Fee but part of the premium. Therefore it is NOT fully earned, and would be returned on a pro-rata basis.

Maryland JIA (Joint Insurance Association) Surcharge

Maryland has authorized the recoupment of an assessment paid to the JIA.

• This assessment is applicable to written premium on home and dwelling fire products. The surcharge is 102% of the written premium.
  The difference between this assessment recoupment and others, is that others apply to written premium on all transactions, whereas, this assessment recoupment does not apply to pro-rated cancellations and reinstatements.

• This assessment recoupment will display on the Declaration page as JIA SURCHARGE.

• All bills/invoices/EFT letters will contain text “The total policy premium includes a JIA surcharge of $0.00”.

✓ Note: The MD JIA Surcharge expired on 03/31/17.

Send Invoice (Rollover)

We define a “Rollover” as converting from one insurance company to another, typically at the expiration of the policy.

The option to send a billing invoice should only be used when coverage from an existing carrier is currently inforce, and there is sufficient time to bill and receive payment before the expiration date.

- Stillwater will send invoices to the mortgage company (must be greater than 21 days to effective date).
- Stillwater will send invoices to the insured (must be greater than 10 days to effective date).

Depending on which option is selected, a Billing Invoice will be mailed to the Lender or to the Insured.
- The desired effective date should always be a future date to allow time for the invoice to mail, and to allow time for payment to be received. We recommend at least 21 days for Lenders and at least 10 days for Insureds.
- The payment must be sent or post marked on or before the requested effective date.
- Payments sent or post marked after the desired effective date will result in a lapse of coverage.
- Home and Condo will send the invoice to the Mortgage Company with a copy to the insured. Therefore Mortgage company information is required when the option to send invoices to the mortgage company is selected. If the Mortgage Company information was not previously entered on the Additional interest page the following edit will appear:

For this billing option, a Mortgage Company must be entered. Please click “OK” to return the Additional Interest page and enter a Mortgage Company.

- Current Insurance Information entry is required:

Home Replacement Cost Valuation (HO3, HO5)

Verisk 360Value®

Introducing 360Value® for Replacement Cost Coverage

On May 27, 2020 we introduced a new process for calculating the estimated replacement cost for home and dwelling fire insurance policies. With 360Value you will have an enhanced homeowner’s underwriting and quoting process.

A better, agent driven experience. The new business process is streamlined and speeds up the transaction with reliable prefill for quick premium calculations.

Accurate estimations. 360Value is a true component-based replacement cost estimating system. Utilizing information related to the location, structure size, construction type, and features - it produces a detailed estimate of the cost to rebuild. 360Value bases its replacement cost estimates on the methodology and database of Xactimate®, Xactware’s industry-leading property claims-estimation system. The Xactimate system is used by more claims adjusters than all other claims-estimation systems combined.

Data captured by verifying information. Get the most out of your valuable time by simply verifying the pre-filled, reliable data as opposed to manually entering property characteristics.

The integration with comparative raters, ability to modify coverage and gain access to the reports works the same way as it does today. Take a sneak peek at our new process and how this will impact your existing quote:

The following tabs provide more information on the transition to Verisk 360Value®

Minimum Replacement Cost Values

- If the replacement cost on 360Value® is greater than our new minimum calculated replacement cost, we will use 360Value®.
- If the replacement cost on 360Value® is less than our new minimum calculated replacement cost, we will use the Minimum Replacement Value calculations shown below:

If the Minimum Replacement Cost from Verisk 360Value® is less than 100 per Square foot + garage, then we will use the $100.00 per square foot plus any garage/carport calculation.

There are two components to the Minimum Replacement Cost calculation:

1. Home
2. Garages/Carports

The minimum replacement cost for GARAGES will be based on $100.00 per square foot plus 1/3 of the replacement cost for any garages. We are calculating each garage as 288 square feet. See example below:

Square Feet = 2000 x $100.00 = $200,000.00
2 Garages = 576 square feet x $100.00 = $57,600 x .33 = $19,008.00
Add $200,000.00 + $19,008.00 = $219,008.00 – MINIMUM REPLACEMENT COST rounded = $219,000.00

The minimum replacement cost for CARPORTS will be based on $100.00 per square foot plus 10% of the replacement cost for the # of carports.

Square Feet = 2000 x $100.00 = $200,000.00
2 Garages = 576 square feet x $100.00 = $57,600 x .10 = $5,760.00
Add $200,000.00 + $5,760.00 = $205,760.00 – MINIMUM REPLACEMENT COST rounded = $205,800.00

Please click here to view unique California Replacement 2011 Regulations.
The CA Replacement Cost Regulations went into effect on June 27, 2011

Summary of Regulations.

Training/CE Requirement
After June 27, 2011 every resident licensee (agent, brokers and CSRs) must complete 3 hours of training on HO insurance valuation prior to making any estimate of HO replacement cost for a consumer. In other words, after June 27 an agent or broker providing a replacement cost estimate to a consumer without having completed the 3-hour training will be violating the regulations. Approved courses are listed on the DOI web site at [http://interactive.web.insurance.ca.gov/providercourselookup/index.jsp](http://interactive.web.insurance.ca.gov/providercourselookup/index.jsp)

This list is easily found using the Agents & Brokers pull-down menu from the home page of the Department’s web site.

Basic Rule
Under California law, the final responsibility for determining the amount of insurance that should be purchased rests with the consumer. Therefore be sure to apply this Basic Rule: **Never provide a guarantee or assurance that the amount of insurance purchased is enough to rebuild the home in the event of a loss.**

Don’t over-commit or make the decision for the client
Be careful not to assure the client that they have sufficient coverage, because this could end up in an E&O claim if the policy limits aren’t sufficient to rebuild the home. If the client asks “Do I have enough coverage?” or “How much coverage do I need?” you should explain that ultimately the client needs to determine how much coverage they need. Of course, you can help by using [360Value®](http://360Value.com) to review the unique features and finishes in their home, but the bottom line is that the client must make the final decision about the amount and adequacy of coverage.

Replacement Cost Summary
California resident licensees (agents, brokers and CSRs) are required to provide the applicant or insured with a copy of the Homeowner Notice used to rate the policy according to the following rules:

1. If you review replacement cost with an applicant or insured, you must provide the Homeowner Notice (estimate of replacement cost) to them at the time the estimate is communicated.

2. If the replacement cost is reviewed on the phone with an insured you must mail the Homeowner Notice (estimate of replacement cost) to them within 3 business days of the phone call.

3. If the replacement cost is reviewed on the phone with an applicant you must mail the Homeowner Notice (estimate of replacement cost) to them within 3 business days of when they agree to buy the policy.

4. If the applicant or insured doesn’t buy the policy then the Homeowner Notice (estimate of replacement cost) doesn’t have to be provided.

**Stillwater** will not mail or provide the Homeowner Notice directly to the applicant or insured, as it’s the licensee’s responsibility to do this.

Policies Affected
The Regulations apply to 1-4 family residential dwellings. They exclude tenant’s policies, policies covering individually-owned mobile homes, policies covering individually-owned manufactured homes, renter’s policies, and condominium policies that do not provide dwelling structure coverage.

File Records/Documentation
Agents are required to maintain specific records about the Replacement Cost Estimate. These records include:

1) The “status” of the person making the estimate (e.g., insurance agent, contractor, appraiser, etc.);

2) The name and address of the estimator;

3) The source from which or method by which the estimate was prepared (e.g. [360Value®](http://360Value.com)); and

4) Copies of any reports, such as inspection reports, used to prepare the estimate.

These documents must be maintained for five years after termination of the policy. Documents do not need to be maintained for applicants who are not subsequently issued a policy.

Summary
1) Complete the required 3-hour training.
2) Never guarantee that a particular amount of coverage is “enough”.
3) When using [360Value®](http://360Value.com), be sure to follow our instructions exactly.
4) Keep all records associated with generating the replacement cost estimate.

Policy Cancellation Guidelines

- **Cancel Policy – Insured Request.** This can be done within 30 days of the original policy effective date and backdated up to 60 days or to the term quote date, whichever is later.
- **Property policy endorsement requests and cancellation requests can be honored 30 days earlier than the date received.** If the request needs to be processed back farther than 30 days, documentation needs to be submitted to support the date requested.

Flat Cancellation Request Guidelines (guidelines as of 02/20/2017):

1. **Flat Cancel /back date requests for all “in force” policies now require the following documentation:**

   **Home, Condo, Dwelling Fire:**
   - **Documentation from escrow, the closing company/attorney, the lender or another legal entity that:**
     - The home sale did not close.
     - The loan did not fund.
     - The policy was issued in error. *(If an internal error we will require the approval of and reason from a manager)*
   - **Proof of duplicate coverage** – copy of Declaration page from other carrier showing duplicate coverage.
     - ✓ **Note:** We reserve the right to confirm that the duplicate coverage is in effect.

   **Renters (HO4):**
   - Copy of lease agreement (showing address different that the insured location).
   - Letter from the landlord advising the insured did not move in or they moved out.
   - **Proof of duplicate coverage** – copy of Declaration page from other carrier showing duplicate coverage.
     - ✓ **Note:** We reserve the right to confirm that the duplicate coverage is in effect.

2. **Future Policy Effective Date (All Forms)**
   - If the policy has a **future effective date**, the policy can be cancelled flat without any supporting documentation.
Update AdditionalNamed Insured (ANI)

**Named Insured (NI)** is defined as the person the policy is written in the name of who has a legal and financial interest, by title, deed and/or mortgage, in the auto, property or address being covered. This person is also the auto or property owner.

**Additional Named Insured (ANI)** is defined as a person who has a legal and/or financial interest, by title, deed, mortgage and/or marriage to the Named Insured, if a resident of the same household.

- The feature to update Additional Named Insured (ANI) has been disabled for all external users/agents.
- This endorsement feature is available on the SalesPortal for **internal users ONLY**.
- To update/add an **ANI** please contact our Customer Service department via phone or online chat, or send your requests to **underwriting@stillwater.com**.* *(when documentation is required).*

**When can the ANI be added/updated over the phone or via online chat?**

We can add the **ANI** verbally or via chat if they are a spouse with the same last name as the Named Insured. We will need the following to add:

1. First and Last Name
2. Date of Birth

➢ Adding a spouse without the same last name is acceptable, if requested within 30 days of new Business effective date.

❖ **When do we require documentation?**

**if requested after 30 days of new Business effective date**

If the **ANI** has a different last name than the Named Insured the request must be emailed to **underwriting@stillwater.com**.

We will need the following to add:

1. First and Last Name
2. Date of Birth
3. Documentation to confirm the validity of the change, for example a copy of the title or deed.

**Summary**

Unexpected or life-changing events happen to our policyholders. Wherever legally and technically possible we will try to accommodate these changes to enable the policies to remain in-force. We will make every effort to accommodate and retain clients when they encounter life events that require or force a change in the insurable interests on their policy. But because a change in the ANI can have significant legal consequences, we may require documentation to confirm the validity of the requested change.

Stillwater Insurance CANNOT disclose the results of a score to an applicant, policy holder, or agent.

Inquiries regarding scoring can be referred to Lexis Nexis at: 1(800)456-6004.

It will also include a unique reference number that can be communicated to Lexis Nexis if the customer wishes to obtain additional information on the credit factors.

Insurable Interest

- Insurable interest means the policy holder must stand to suffer a direct financial loss due to loss of property or from legal liability.

Home & Condo (HO3/HO5 & HO6)

- Named Insured (NI) is defined as the person the policy is written in the name of who has a legal and financial interest, by title, deed and/or mortgage, in the auto, property or address being covered. This person is also the auto or property owner.
- Additional Named Insured (ANI) is defined as a person who has a legal and/or financial interest, by title, deed, mortgage and/or marriage to the Named Insured, if a resident of the same household.

Home & Condo (Ownership/Title)

We will allow up to 3 people on the title based on the following conditions:

- If one or more are closely related co-signers (like a parent).
- The co-signer(s) can live elsewhere.
- The co-signer must be added as an Additional Insured after the policy is issued.
- Any exception requests should be submitted to underwriting@stillwater.com

The following properties are ineligible:

Please click on the following tab to view the:

- Named Insured Definition Chart

Please click on the following tab to view Renters HO4 (Signed Lease Agreement) Eligibility Guidelines:

- HO4 Guidelines
Renters HO4 (Signed Lease Agreement):

Eligibility Guidelines:

• Live-in partners, such as boy-friend/girl-friend, are accepted on the same policy. Both may be listed as Named or Additional Named Insureds with no proof or lease/rental agreement needed. SPP for both parties is permitted to be listed under the single policy. Please note that if both parties are listed as Insureds, claims settlement checks will list both parties. The individual parties will be responsible for determining their share of the proceeds.

• Two immediate family members (adult siblings or parent/adult child) are accepted on the same policy. If more than two reside in the household, each would need their own policy. Spouses on one policy are always acceptable, but each adult child would need their own policy. Both may be listed as Named or Additional Named Insured's with no proof or lease/rental agreement needed. SPP for both parties is permitted to be listed under the single policy. Please note that if both parties are listed as Insured's, claims settlement checks will list both parties. The individual parties will be responsible for determining their share of the proceeds.

• Two or more unrelated individuals on an HO4 policy are ineligible.

• Property Management companies, the Landlord or the name of the Apartment complex may be added to an HO4 policy as a Certificate holder under the additional interest option on the policy.

• A signed lease agreement titled in the name of a Family Trust, "In the Estate of", Life Estate, Probate, Co-Op, LLC, LLP, or Corporation is ineligible. Please see the Named Insured Definition chart:

• Individuals who reside in an Assisted Living Facility are eligible for coverage provided they do not have a caretaker living in the home.

• Cover is not offered for Nursing Home Occupants.
Named Insured Definition Chart

Since most of our states are credit based, we want an **individual** listed as the **Named Insured** so that we are able to obtain the rate for the risk based on that individual's score. In addition, we insure personal lines risks, so regardless if the state is credit based or not, our goal is to insure risks owned by individuals. This includes their personal assets, not commercial properties or risks. For example, a client may also own personal rental properties for additional income, and these are acceptable as they are not commercial properties. While we want to capture the rate for the individual, we also recognize that some personal assets may have been placed in a Life Estate, LLC, Family Trust, Revocable or Non Revocable Trust, etc. We allow these entities to be listed as **Additional Insured** for certain policy types. **We do NOT allow them to be the Named Insured or Additional Named insured.**

- **Family Trust** - Trust designed to allow a parent to transfer assets to his or her children directly and prevent assets from being automatically inherited by a spouse.
- **Qualified Personal Residence Trust** - A QPRT is a lifetime transfer of a personal residence (primary or secondary home) in exchange for continued rent free use of the residence for the trust term.
- **LLC** - The Limited Liability Company or LLC is not a partnership or a corporation. It is a business structure that is a hybrid of a partnership and a corporation. Its owners are shielded from personal liability, unless negligence or fraud is involved.
- ** LLP** - Limited Liability Partnership. Another name for a Limited Liability Company, often used by professional associations. The partner or investor’s liability is limited to the amount he/she has invested in the company, unless gross negligence or fraud is involved.
- **Corporation** - A corporation is a legal business structure that establishes the business as being a separate entity from the owner(s). The owners (who are its directors and shareholders) are shielded from personal liability, unless gross negligence or fraud is involved.
- **Power of Attorney** - Written document in which one person (the principal) appoints another person to act as an agent on his or her behalf, thus conferring authority on the agent to perform certain acts or functions on behalf of the principal.
- **Life Estate** - An estate whose duration is limited to the life of the party holding it, or some other person. Also means the right to use or occupy real property for one’s life.

Additional Insured (Residence Premises)

- The Additional Insured endorsement extends the definition of “insured” to include a person or organization. (Example: Family Trust)
- Additional Insured status does not give the same rights under the policy terms as a “named insured” or “insured”.
- Please click on the following tab for more information on these coverage limitations.

Additional Interest (Certificate Holder)

- A Certificate Holder is an entity like a an apartment complex or leasing office that requests evidence of insurance.
- Certificate Holders are not provided coverage and cannot make changes to the policy.
- Certificate Holders can be added on our website using the Modify Additional Interest Endorsement option:

Modify Additional Interest (HO4)

- A leasing company or apartment complex is added as a Additional Interest (Certificate Holder) and does not require Underwriting approval.
- The SalesPortal option to Modify an Additional Interest is only available on HO4 Renters policies.
- The Additional Interest (Example: leasing company) is added using this option.
- The Additional Interest is added as a C – Certificate Holder.

- Requests to add a Certificate Holder can also be processed via the phone or they can be faxed or emailed.
- This includes HO6 policies, when the Condo requests to be listed for evidence of insurance. Please contact customer service for Condo HO6 requests.

Tenant Occupied Condo

☑ Note on adding an LLC to Tenant Occupied Condo

Why may we request for a copy of the deed or LLC papers?
We try to confirm by county records first. If we send back asking for proof, then it’s because the county does not reflect the LLC or we need to review the deed transfer. Also, it depends on what the request is, which policy form and if it’s new business or renewal. We have received requests to change the named insured to an LLC because the deed has changed, only to learn that it is not the insured’s LLC. If the deed change is to a third party, the policy would need to be rewritten. If it’s a scenario where I have deeded my property to my LLC, we would allow the change. Because not all situations are clear and need further review/research, we may ask for a copy of the deed.

Name Changes / Changes to Named Insured

In most cases changing the Named Insured on a policy will require a New Quote/Policy submission.

The exception to this rule, are the following Name Change scenarios:

**Changing Named Insured to a married name or back to a maiden name:**
- Documentation is not required
- **Contact customer service**
- If the name change back to a maiden name is due to a divorce, verify who is living in the home and the policy should be referred to Underwriting for further review providing the information after the name change has been processed.

**Add a spouse as Additional Named Insured:**
Adding a spouse with or without the same last name is acceptable, if requested within 30 days of new Business effective date.

**If after 30 days:**
- Documentation is not required if the spouse has the same last name.
- **Contact customer service at 1-800-849-6140.**
- If the spouse retains the maiden name we will require a copy of the marriage license or deed to confirm the spouse has an insurable interest
- **Please fax or email this documentation to Underwriting**

**Deleting an Additional Named Insured (ANI) or ex spouse:**
Removing an ANI is permitted without underwriting approval, if requested within 30 days of new Business effective date.

**If after 30 days:**
- We require written consent from the Additional Named Insured or ex-spouse.
- If written consent cannot be obtained, we will need proof the Additional Named Insured is not on deed/title and not on the loan (if applicable)
- If only the deed/title is provided, we will change the Additional Named Insured to an Additional Insured only if their current address is provided.
- If proof is later provided that the Additional Named Insured/Additional Insured is not on the loan, we will then remove them from the policy.
- Please fax or email this documentation to Underwriting

**Swapping the Named Insured with the Additional Named Insured**
Swapping the Named Insured with the Additional Named Insured is **NOT permitted.**

Age of Home (HO3, HO5, HO6)
Dwellings constructed prior to 1900 are not eligible in all states except for the following:

- California HO5 is only available for homes less than 50 years old
- Florida HO3 and HO6 is only available for homes less than 100 years old

*Year built* The policy must be rated using the original year built. We do not use the year when the home was completed. We use the year when the home started construction.

✓ Note: For homes that have been torn down and a new home built in its place, we will update the year built to reflect the new construction. For the home to be considered new construction the foundation must be replaced and no existing walls are to remain. A copy of the county’s building permit showing that the existing home was completely demolished with construction of a new replacement dwelling is required.

✓ Note: All HO3, HO5, and HO6 Quotes run a Public Records verification to verify the construction year. This may adjust the original year built on the quote. Amending the year of construction will require underwriting review:

If the age of the dwelling is over the maximum allowed at the date of submission the following message will display:

*Due to the age of the dwelling, it does not qualify for our program. We are unable to provide a quote for this risk.*
Commercial Storage Containers

Commercial storage containers on the premises are not eligible.
Construction Type

Dwellings and other structures using unusual or irreplaceable construction are not eligible. This would include, but is not limited to the following:

- **Cantilever Construction** – Cantilever construction utilizes a beam that is anchored at only one end. The beam carries the load and allows for overhanging structures without external bracing.
- Log Homes
- Mobile Homes
- Manufactured Homes
- Metal Homes
- Modular Homes (*the exception is Florida where modular homes are allowed*)
  - A modular home is a home that is manufactured in a production facility and are built in two or more sections in a controlled factory setting that are then transported and assembled on location. The assemble process typically uses a traditional concrete foundation (permanent foundation).
- Post, Stilts or Pilings: utilizes posts, stilts or pilings (*except where the result is required or authorized by current building codes to be elevated on posts/piers/pilings and there is no slope/stilts*)
- Utilizes asbestos siding or roofing materials
- Homes built fully or with the majority of the structure built underground.

Homes with garages that have been converted to living space are now eligible in all states, as long the space is not converted to multi-family occupancy.

✓ **Note:** All Dwellings and Other Structures must be well constructed and built in accordance with prevailing codes as defined by local authorities.
Foundation Requirements

- Dwellings must be constructed on a permanent slab, perimeter or conventional basement foundation.
- Dwellings constructed on posts, stilts or pilings are ineligible unless required by local building code and prior approval by the Company has been received.

Remodeling & Renovations, Construction

- Dwellings and other structures in the course of construction or renovation are ineligible, unless prior approval is received from the company.
- Dwellings and other structures undergoing extensive remodeling are ineligible.

- If there has been a change in ownership since written to an LLC that is not our insured’s, we require the risk to be rewritten.

Other Structures Coverage B increase

Form Availability | HO3, HO5

Other structures are defined as:
• Structures located on the “residence premises” that are set apart from the dwelling by clear space.
• This includes structures connected to the dwelling by only a fence, utility line, or similar connection

If it does not meet this definition then it is considered to be part of the Dwelling and would be designated as Dwelling – Coverage A.

The Home HO3 and HO5 automatically include a Coverage B – Other Structures limit equal to 10% of Coverage A. The exception is Florida which automatically includes 2% of Coverage A.

This value can be increased via endorsement.

Coverage B increase requests need to be faxed or emailed to underwriting for review.

Please provide the following information when requesting an increase to Other structures:
• Provide the type of structure
• The square footage of the structure if applicable.
• If it is a shop or studio (Please include what is used for)
• Value (amount of additional coverage needed)

Examples of Eligible Other Structures:
• Barns (with no farming or ranching equipment – the only farm animals/livestock we allow are horses and chickens)
• Boat Docks
• Detached Carport
• Fences
• Detached Garage
• Gazebo
• In ground Pools (above ground are considered personal property)
• Shed
• Shops
• Solar Panels (detached from main structure are considered Coverage B, if they are attached to the main structure they are considered as Coverage A Dwelling)
• Stables (with no farming or ranching equipment – the only farm animals/livestock we allow are horses and chickens)
• Studio

✓ Note: All Other Structures must be in good condition.

Personal Property (in a storage facility)

Our limit of liability for personal property owned or used by an "insured" and located in a self-storage facility is **10% of the limit of liability for Coverage C, or $1,000, whichever is greater**.

However, this limitation does not apply to personal property:
(1) Moved from the "residence premises" because it is:
   (a) Being repaired, renovated or rebuilt;
   and
   (b) Not fit to live in or store property in;
   or
(2) Usually located in an "insured's" residence, other than the "residence premises".

The above Personal Property restrictions do not currently apply in the following States:
- Hawaii
- New York
- North Carolina
- Virginia

The above Personal Property restrictions do not apply to the following States prior to the New Business and Renewal Dates listed:
- Maryland (09-11-15 NB & 10-21-15 REN)
- Pennsylvania (12-15-15 NB & 02-03-16 REN)
- West Virginia (06-15-15 NB & 08-04-15 REN)
**Policy Value States (HO3, HO5)**

In **Policy Value States** the valued policy is designed to eliminate any dispute over the amount owed in the event of a total loss.

**Example:**
If the replacement cost of the structure is $200K but we wrote the policy with a structure limit of $300K, we would owe the $300K policy limit absent fraud….

As a result, we limit the amount of Coverage A for the states listed below:

<table>
<thead>
<tr>
<th>Policy Value States</th>
</tr>
</thead>
<tbody>
<tr>
<td>AR, FL, GA, IA, KS, LA, MN</td>
</tr>
<tr>
<td>MS, MO, MT, NE, NH, ND, OH</td>
</tr>
<tr>
<td>SC, SD, TN, TX, WV, WI</td>
</tr>
</tbody>
</table>

- In these states there is a **150% limit increase for Coverage A**.
- Coverage A cannot be increased greater than 150% of the minimum calculated replacement cost.
- When Quoting in these States, an edit will appear if an attempt is made to increase the Coverage A more than 150% over the minimum calculated replacement cost value:

The replacement value can also be adjusted using **360Value®** on our quote site.

**Example:**
- The preliminary rate comes back at 100k, making the maximum limit for Coverage A 150k.
- If more coverage is required, it can be customized using **360Value®**. If the customized replacement comes back at 200k, you can use that amount.
- If additional coverage is still needed the replacement value can increased by an additional 50% (200k by 50% = 300k).
- At that point, the replacement value is at the max allowed.

Click **HERE** for more information on **360Value®**.
**Roof Types – Roof Covers (HO3, HO5)**

All roofs must be in good condition, regardless of type.

If there is any known damage, deterioration, missing shingles, excessive granular loss, raised/lifting shingles, or more than 1 layer of shingles on the roof the risk is ineligible.

**Exception** - Florida allows 2 layers of shingles and Kansas allows Composition over Wood.

- Risks which have any of the following are ineligible for our program: cows, sheep, or other farm animals (excluding chickens and horses), either owned or boarded.
- All service animals that qualify as a service animal under the American with Disabilities Act (ADA) are permissible, regardless of type or breed. However note, if the service animal is a dog, which is considered an ineligible breed, the ABB coverage endorsement will not be available for buy back. A certificate showing the animal is a service dog is required. The certificate must be emailed to underwriting@stillwater.com
- According to the Americans with Disabilities Act (ADA), service animals are defined as dogs that are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include:
  - Guiding people who are blind
  - Alerting people who are deaf
  - Pulling a wheelchair
  - Alerting and protecting a person who is having a seizure
  - Reminding a person with mental illness to take prescribed medications
  - Calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack
- Note: Service animals are working animals, not pets. The work or task a dog has been trained to provide must be directly related to the person’s disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA.
- K9 Police Dogs are NOT eligible as an acceptable type of service animal that would otherwise not qualify.
- Animal Liability Buyback is NOT available for Tenant Occupied Condo HO6.

Nevada Animal Liability  (Effective 01/01/2022)

The following question is unique to Nevada:

Does the occupant of the dwelling own an animal or plan on acquiring one in the next 12 months? *
- YES  NO

Is it a dog that has been declared dangerous and/or vicious as outlined in NRS 202.500? [If "Yes", the risk is prohibited] *
- YES  NO

- A **Yes** response to dangerous and/or vicious, will require further underwriting review to proceed with the quote.
- Please send an email to **underwriting@stillwater.com** to advise of the exposure. ABB coverage cannot be added until the request is reviewed and approved by underwriting.
- For **Active Policies**, where the insured notifies the agent of a new or previously undisclosed dog: Please follow the same questions asked at new business before the Animal Liability Endorsement is added.
Attractive Nuisances
The risk is ineligible if the Residence Premises has any high risk liability exposures. This includes but is not limited to the following:

• Skateboard ramps
• Climbing walls
• Tree houses
• Zip Lines
• A pond or similar water landscape feature that is unfenced, un-maintained or unfilled.
• Water slides that are built into the ground on steep slopes.
Brush / Forest Area

Brush is considered to be all native brush, weeds, grass and hazardous vegetation that is not maintained, or maintained at a height of more than (3) inches above the ground.

HO3, HO4, HO5, HO6.

Residence Premises that are located within 400 feet of what we consider brush or forested areas are ineligible risks. There must be at least 400 feet of unobstructed land between the residence premises and any brush or forested areas. Premises that are located in an area that we find to have a high risk of a wildfire are ineligible.

CA HO5

In California Residence Premises that are located within 1,000 feet of what we consider brush or forested areas are ineligible risks. There must be at least 1,000 feet of unobstructed land between the residence premises and any brush or forested areas. Premises that are located in an area that we find to have a high risk of a wildfire are ineligible.

✓ Note: In the following states the Home Quote uses digital Brush mapping.  AZ, CA, NV, OR WA

Click on the following tab for information on: CA Moratorium on Non-Renewals After Wildfire Activity

Brush Mapping is intended to determine risks that are not eligible due to brush exposure. If the quote is allowed it does not guarantee that the risk is eligible. We will still perform our standard Property Inspection and if the inspection reveals that there is an unacceptable brush exposure the policy will be cancelled.

If you wish to verify an address for possible brush exposure, please email brushapproval@Stillwater.com for review.

States that do not utilize Digital Brush Mapping ask the following Question.

Is the dwelling located within 400 ft. of brush area, forested area or any area of increased fire hazard? [if “Yes”, risk is Prohibited] *

○ YES ○ NO

Protection Class / Location
Protection Classification is a rating system with a range from 1 (best) to 10 (worst) that numerically ranks a community's municipal fire protection system. PC 1 represents an excellent fire protection system, and PC 10 indicates virtually no protection.

- The Quote system will assign a protection class based on the zip code.
- If the zip code has a territory split the below Home Quote Detail Question will be enabled:

  Is there a fire hydrant within 1000 ft. of the residence?  
  - A “YES” response to the fire hydrant will rate the risk in the designated protection class
  - A “NO” response would rate the policy using protection class 9.

- We allow quoting in protection class 1-9 in all states.
- Protection Class 10 (in all states except California) will receive the following edit:

  Unable to quote - Protection Class does not qualify.

- Protection Class 10 in California can be quoted as a Difference in Conditions policy.
- Click HERE for more info on the California DIC policy.

ARE YOU A CALIFORNIA FAIR PLAN CUSTOMER?
I have a California FAIR Plan Policy, which primarily covers fire damage...
You are correct - the FAIR Plan Dwelling Fire Policy does not include coverage for many common and important causes of loss that are typically included in a standard homeowners policy such as theft, water damage and liability.

Can Stillwater provide supplemental coverage for these other types of losses?
Yes, we can!
Our Difference in Conditions (DIC) Policy is specifically designed to provide the coverage that your FAIR Plan Policy does not. Stillwater's DIC Policy is a companion to your FAIR Plan Policy and will ensure you are protected from most common and important causes of loss.

I'd like more information
